## TERMS GOVERNING SALE

THIS IS A PUBLIC AUCTION SALE and is conducted by the RARE COIN COMPANY OF AMERICA, INC. with the trade name RARCOA.

The highest bidder shall be the buyer, and if any dispute arises between two or more bidders, the lot in question shall be put up again. In cases where tie bids are received in the mail, the first bid received shall be the one entered. In any event, the Auctioneer's decision shall be final.

MAIL BIDS WILL BE ACCEPTED FROM THOSE WHO CANNOT ATTEND THE SALE IN PERSON. NO CHARGE OR COMMISSION will be made for executing your bids, but postage plus insurance will be added to all invoices for shipped lots.

When bidding by mail, we suggest that you put on your bid sheet the absolute maximum price you are willing to pay for each lot. Bids for all lots must be submitted in even dollar amounts, or they will be reduced to the next dollar amount. This DOES NOT MEAN that you will have to pay that amount in order to obtain the lot. It merely enables our agent, who bids in your stead, to act for you more intelligently. You will pay only the proper advance over the next highest bidder, and this amount is often less than the top amount on your bid sheet. With the preceeding information, you can understand why we cannot accept "BUY" bids or "UNLIMITED" bids. If two collectors sent in "BUY" bids on the same lot, what could the auctioneer do? Lots delivered in the State of Illinois will be subject to the 5% State Sales Tax. CREDIT CARDS ARE NOT ACCEPTABLE for payment of auction lots.

AUCTION SALES ARE STRICTLY FOR CASH, AND MUST BE PAID FOR PROMPTLY IN U.S. FUNDS. Persons unknown to us when bidding by mail must include a deposit of 25% of their bids, or suitable references, or their bids will not be accepted. Any portion of such deposits not used will be refunded after the sale. Bids will not be accepted from minors. We reserve the right to require payment in full before delivery of merchandise. Title remains with RARCOA until all goods are paid for in full.

Estimates listed in this catalog are intended as a guide only and not as a statement of opinion of value. They are not to be construed as opening bids, limits, or reserves of any type.

ANY LOTS PURCHASED BY FLOOR BUYERS MAY NOT BE RETURNED. No lots purchased by mail bidders may be returned without written permission. THIS IS NOT AN APPROVAL SALE, and you are expected to keep, and pay for, any lots that you purchase. No lots removed from the original holders may be returned for any reason.

ERRORS IN CATALOGING WILL BE CORRECTED, but all claims for adjustment must be made in writing within 5 days after receipt of goods. We can, however, assume no responsibility for, or correct, any errors as to amounts or lot numbers on bid sheets, therefore: PLEASE RECHECK YOUR BID SHEET BEFORE MAILING!

ALL PHOTOGRAPHS IN THIS CATALOG ARE OF THE ACTUAL ITEMS SOLD

Lots may be inspected on our premises from March 1 to March 22 by appointment. Lots may be inspected at the Holiday Inn—O'Hare/Kennedy beginning March 23.

FLOOR BIDDERS, PLEASE USE THE SAME BIDDING NUMBERS FOR ALL SESSIONS.

- 7 1815 One Ducat of Francis II as Holy Roman Emperor (1792-1835). Kremnitz Mint. Fr. 336. Virtually UNCIRCULATED with Proof-like surfaces on both obverse and reverse. Only the lightest of handling marks keep this piece from the full Uncirculated class. SCARCE this choice. (\$300)

- 11 1908 10 Corona. Fr. 431. One year type. CHOICE BRILLIANT UNCIRCULATED. (\$40)

### AUSTRIA 1908 100 CORONA

- 12 1908 100 Corona. Fr. 429, Y-46. Struck to commemorate the 60th year of the reign of Franz Joseph. One of the most popular and most beautiful world gold coins ever issued. GOOD EXTREMELY FINE with Proof-like surfaces on both obverse and reverse. PLATE (\$1000)
- 13 1912 100 Corona. Fr. 424. Not to be confused with the restrikes dated 1915. This piece was actually struck in 1912 and is quite RARE, as are all original 100 Coronas. Virtually UNCIRCULATED as far as wear goes, but rather heavily bag marked. Still very attractive. (\$550)

### VERY RARE AUSTRIAN 1924 20 KRONEN

- 14 1924 20 Kronen. Fr. 434, Y-80. Two year type with only 10,337 pieces struck. For some reason it seems that the 1923 appears for sale much more frequently than the 1924. CHOICE BRILLIANT UNCIRCULATED and VERY RARE. PLATE (\$1750)
- 15 1927 100 Schillings. Fr. 435, Y-83. BRILLIANT UNCIRCULATED with Proof-like surfaces. (\$375)

### BAHAMAS

- 19 1974 100 Dollars. Fr. 22. BRILLIANT UNCIRCULATED. Pretty coin with two flamingos on obverse. (\$100)

**BELGIUM**

- 20 1865 20 Francs. Fr. 7, Y-26. Two year type. VERY FINE to EXTREMELY FINE. (\$75)
- 21 1865 20 Francs. Fr. 7, Y-26. Two year type and the only date readily available. EXTREMELY FINE. (\$85)
- 22 1911 Pattern 20 Francs struck in Lead with Plain Edge. EXTREMELY FINE with the edge pinched. Dupriez 1826, where it is listed as "RRR". It is interesting to note that this is exactly the same design as the 1914 20 Franc, Fr. 12, which indicates that the pattern design was accepted three years later. (\$75)
- 23 1914 20 Francs. Fr. 12. Virtually UNCIRCULATED with full mint bloom. Type with French legends. (\$110)

**BOLIVIA**

## MAGNIFICENT UNA AND THE LION

- 154 1839 Pattern 5 Pounds. Designed by William Wyon. Fr. 251, Seaby 3851. A PROOF-only issue. This example is virtually a GEM and is easily among the FINEST KNOWN. We have examined almost a dozen specimens in the last two years, none of which approach the quality of the coin we offer here. Considered by many to be one of the prettiest coins ever struck, by any government, at any time. An inferior coin was sold at public auction in Zurich, in October 1978. That specimen realized 23,500 Swiss francs, plus commission, which was over \$15,500 at the time. A finer example should bring even more and will definitely see spirited bidding, with the new owner purchasing a magnificent and RARE coin. (\$13,500)

#### GREECE

- 173 1833 20 Drachmai. Fr. 1, Divo 9, Cr. 17. EXTREMELY FINE prior to being harshly cleaned. A RARE coin, only 958 pieces were struck. The first of two specimens that we are proud to offer. An excellent coin for the collector who doesn't have \$1250 or more to spend on a higher grade specimen. (\$650)

#### RARE 1833 20 DRACHMAI

- 174 1833 20 Drachmai. Fr. 1, Divo 9, Cr. 17. Lustrous ABOUT UNCIRCULATED, lightly cleaned at some time in the past. The first gold coin issued by modern Greece. A RARE coin, as only 958 pieces were struck. With the thousands of Greek collectors world wide, less than one thousand will ever have the opportunity to add this coin to their collection. And due to attrition, there are probably less a few hundred pieces in existence today. Worthy of a substantial bid. PLATE (\$1250)

- 175 1876 5 Drachmai. Fr. 8, Divo 49, Y-24. VERY SCARCE, total mintage only 9,294. EXTREMELY FINE with a few minor surface marks and insignificant scratches. A very underrated coin and worthy of a strong bid. PLATE (\$750)

#### EXCESSIVELY RARE 1876 50 DRACHMAI

- 178 1876-A 50 Drachmai. Struck at the Paris Mint. Fr. 5, Divo 45, Y-27. EXTREMELY FINE with a couple of very light rim bumps and showing evidence of being lightly cleaned long ago. An EXCESSIVELY RARE coin, only 182 specimens were minted, making it one of the RAREST coins in the entire modern Greek series. It is the one coin that is missing in virtually all collections, including many of the most important. We know of a specimen selling in Europe two years ago for around \$10,000, while we are unaware of any being offered in the U.S. in the recent past. A once in a lifetime opportunity for a collector to add to his holdings, a coin of "museum" rarity. (\$7500)

- 179 1884 20 Drachmai. Fr. 9, Divo 47, Y-26. One year type. FINE to VERY FINE. Also another specimen of the same coin, grading VERY FINE. [2 pcs.] (\$200)

The coin is a GOOD EXTREMELY FINE with nice lustre on both the obverse and reverse and no problems of any kind. A damaged specimen was sold last year at public auction. It was a heavily polished Extremely Fine with rim bumps and stains. It realized \$1500. Surely, the FINEST KNOWN specimen of this RARITY could bring many times this figure. (\$2000+)

**GUATEMALA**

**HONDURAS**

- 184 1907 One Peso. Fr. 7, Y-27. EXTREMELY FINE. A most interesting coin, it has been struck by heavily clashed dies and the date has been strongly recut after being placed in the wrong position. It appears to be the workmanship of some die cutter on a Monday morning after too much weekend partying. PLATE (\$500)

- 907 1839 2 Lepta. Divo 25, Cr. 7.1. EXTREMELY FINE. (\$45)

- 908 1839 Bronze University of Athens Medal. 43mm. Obverse pictures King Otho facing left; the reverse: the University Building. Choice **EXTREMELY FINE** with Proof-like surfaces. There are a few insignificant reverse scratches, otherwise it is virtually as struck. A very tough medal, as all examples of Greek medallistic art are quite **RARE. PLATE** (\$200)

- 909 1844 10 Lepta. Divo 18, Cr. 9.1. The last date of this type and by far the **RAREST** coin in the series. This is one of only two dates in the entire Greek Copper series that Divo has designated as "RR." Sharply struck **EXTREMELY FINE**. Sure to see strong bidding. **PLATE** (\$300)

- 910 1846 One Lepton. Divo 30, Cr. 6.2. A **SCARCE** date, especially in high grade. Choice **EXTREMELY FINE** with considerable mint red. (\$100)

#### EXTREMELY RARE 1851 5 DRACHMAI

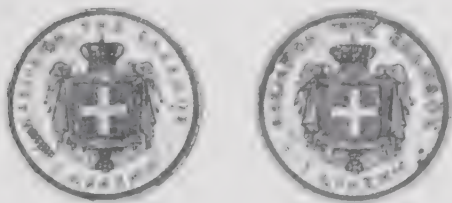

- 911 1851 5 Drachmai. Divo 11, D-116, Cr. 16. Attractive **VERY FINE**. One year type. **EXTREMELY RARE** and seldom offered for sale. One of the highlights in the Greek section of this sale. Should see spirited bidding. (\$2000)

#### RARE 1855 HALF DRACHMA

- 912 1855 1/2 Drachma. Divo 15, Cr. 15. **BRILLIANT UNCIRCULATED** with the lightest essence of toning. A **RARE** coin in any grade, especially this nice. **PLATE** (\$850)

#### POSSIBLY UNIQUE PATTERN ONE DRACHMA OF 1868

- 913 N.D. (1868) Pattern One Drachma struck in Nickel. 23.6mm. Weight: 5.971 grams. Similar in design to the Two Drachma Pattern which follows in this sale (Divo P78). However, this piece was unknown to Divo and is **UNLISTED** in his book and all other references that we know of. The specimen we offer is **POSSIBLY UNIQUE** and to our knowledge has never before appeared for sale. The coin grades **GOOD EXTREMELY FINE** with somewhat Proof-like surfaces. It appears that the metal content has been tested, as there is a test mark in the obverse field, a small test cut

in the reverse field, and the obverse rim at 12:00 has been shaved slightly. These tests are logical, considering that Greece had never struck any coinage in Nickel prior to 1868 and much experimentation would have been necessary before the actual set up and striking of regular issue coins in that metal. Due to the **EXTREME RARITY** of this piece we expect heavy bidding action on it and truthfully do not know what an accurate estimate should be. We do know that the high bidder will be the proud new owner of **ONE OF THE RAREST PIECES IN THE ENTIRE NUMISMATIC WORLD**. Also keep in mind that if it were a U.S. coin, its value would be a few hundred thousand dollars. (\$3000)

#### EXTREMELY RARE 1868 TWO DRACHMAI PATTERN

- 914 N.D. (1868) Pattern Two Drachmai. Divo P78. **CHOICE BRILLIANT UNCIRCULATED** with Proof-like surfaces. **EXTREMELY RARE** with fewer than a half dozen specimens known to exist. In his definitive work Divo listed the coin as "RRR" (the highest rarity value given) and stated that he knew of three specimens. It is not possible that a finer example could exist. Comparable in rarity to the U.S. 1913 Liberty Nickel, of which 5 pieces are known to exist, and currently valued at over a quarter of a million dollars. This Greek **RARITY** can be had for a small fraction of this figure. May bring in excess of our estimate. **PLATE** (\$2000)

- 915 1873-A One Drachma. Divo 53, Y-7. **GEM BRILLIANT UNCIRCULATED** with immaculate surfaces. While not a rare date, it is quite rare to find one this nice. (\$100)
- 916 1874-A 20 Lepta. Divo 56, Y-5; 1874-A 50 Lepta. Divo 55, Y-6a. Variety with "A" close to "8" in date; and, 1874-A 50 Lepta. Divo 55, Y-6a. Variety with "A" close to "7" in date. All are **EXTREMELY FINE** or better. [3 pcs.] (\$40)
- 917 1874-A 50 Lepta. Divo 55, Y-6a. **GEM BRILLIANT UNCIRCULATED**. (\$45)
- 918 1875 5 Drachmai. Divo 50, D-117, Y-14. **EXTREMELY FINE**, cleaned. (\$50)
- 919 1875 5 Drachmai. Divo 50, D-117, Y-14. Choice **EXTREMELY FINE** with deep toning covering somewhat lustrous surfaces. (\$125)
- 920 1875 5 Drachmai. Divo 50, D-117, Y-14. Similar to previous lot, only lustrous **UNCIRCULATED** with light violet and gold toning. Would be a Gem, were it not for heavy bag marks in the obverse field. (\$200)

- 921 1876 Pattern 20 Lepta. Struck in Cupro-Nickel at the Paris Mint. Divo P86, VG-3882, Mazard 2234. **CHOICE** Proof-like **UNCIRCULATED**. **EXCESSIVELY RARE**, it is surprising to note that Divo only gave the coin an "RR" rating. Should see spirited bidding, and we would not be amazed to see our estimate eclipsed. **PLATE** (\$4000)

- 922 1876 5 Drachmai. Divo 50, D-117, Y-14. Fully lustrous, lightly toned **ABOUT UNCIRCULATED**. Rather heavily bag marked, especially on the obverse. (\$100)

- 923 1876 5 Drachmai. Divo 50, D-117, Y-14. Like the previous lot, except CHOICE BRILLIANT UNCIRCULATED with numerous obverse bag marks. Considerably nicer than what is usually seen. (\$200)
- 924 1878-K 5 Lepta. Divo 64, Y-12. EXTREMELY FINE. (\$5)
- 925 1879-A One Lepton. Divo 70, Y-10. CHOICE UNCIRCULATED, mostly red with some toning. (\$35)
- 926 1910 One Drachma. Divo 54, Y-22; and, 1911 2 Drachmai. Divo 52, Y-23. Both coins grade EXTREMELY FINE or better. [2 pcs.] (\$25)

#### EXTREMELY RARE 1921 50 LEPTA DIE TRIAL

- 927 1921 50 Lepta Die Trial. Struck uniface in Aluminum. The piece is approximately 30mm in size and weighs 1.779 grams. EXTREMELY RARE and UNLISTED in Divo. It is BRILLIANT UNCIRCULATED with the surfaces fully Proof-like. Struck so hard that the piece has become oversized. This is not unusual for trial strikings, as the metal being tested (in this case Aluminum) is considerably softer than the actual metal used for coining (Cupro-Nickel). Should see strong bidding and we would not be surprised if our estimate were eclipsed substantially. PLATE (\$1000)

#### EXTREMELY RARE 1921-H 50 LEPTA

- 928 1921-H 50 Lepta. Divo 101, Y-30. UNCIRCULATED with some discoloration. An EXTREMELY RARE coin, it must be considered one of the Classic 20th Century Rarities of the World. After striking, it had been discovered that the metallic content of the coin was greater than the face value and the entire issue was ordered to be melted. Somehow a very few coins escaped the melting pot. For interesting reading see March 5, 1975 *Coin World* article, "Greece's Phantom Coin Is Alive and Well" by James A. Simek (who incidentally is chairman of the C.I.C.F. show). Divo lists the coin as of the highest rarity ("RRR"). Should see spirited bidding. PLATE (\$2500)

#### EXCESSIVELY RARE 1921-KN 50 LEPTA

- 929 1921-KN 50 Lepta. Divo 101, Y-30. GOOD EXTREMELY FINE with considerable underlying lustre. EXCESSIVELY RARE, as the entire mintage was reportedly melted. Unpriced in Krause, where it is listed as RARE. At the time Divo wrote his book, he knew of the existence of only one specimen—that one being permanently impounded in the Greek National Museum. In the last ten years since his book was published a few additional specimens have come to light. Today there are probably no more than 5 or 6 specimens known to exist. The highlight of any

modern Greek collection, the bidding on this coin is sure to be hot and heavy. The proud, new owner will have in his possession one of the true RARITIES of this or any century. A coin truly of "museum" rarity. (\$4000)

- 930 1926 Bronze Medal of General Fabiero of France. 40mm. He went to Greece in 1821 to fight against the Turks in the battle for Independence. Virtually UNCIRCULATED with some remnants of lustre remaining. (\$50)
- 931 1935 100 Drachmai. Divo 113, D-119, Y-A37. PROOF, somewhat mishandled. A RARE Proof only issue, only 500 pieces were struck and in relation to its rarity it seems very much underpriced. (\$650)
- 932 1967 Set of 50 and 100 Drachmai. Y-43, Y-54. GEM BRILLIANT UNCIRCULATED. Although dated 1967, these coins were actually produced in 1970 and struck to commemorate the 1967 Revolution. [2 pcs.] (\$75)
- 933 (Lavrion and Samos Islands) Lot of 6 tokens issued during the early part of this century in the denominations of 5 Lepta, 20 Lepta (2 pcs.) 25 Lepta, 50 Lepta, and One Drachma. All were struck in base metal. All the tokens are VERY FINE or better with a number of them cleaned long ago. All are VERY SCARCE. [6 pcs.] (\$50)

#### Crete

- 934 1900 One Lepton. Y-1. Red and brown UNCIRCULATED. (\$25)
- 935 1901 2 Drachmai. Y-8. ABOUT UNCIRCULATED with nearly full original mint lustre, lightly covered with lovely golden toning. VERY RARE in this remarkable state of preservation. This specimen is far superior to the coin we sold last year which was advertised in our Spring/Summer 1978 Catalog at \$250. The coin we offer here should realize more than this figure after the bidding ends. PLATE (\$250)
- 936 1901 5 Drachmai. D-118, Y-9. Strong VERY FINE to EXTREMELY FINE which unfortunately has been lightly cleaned and has a few light rim nicks. Still considerably nicer than what is usually seen. (\$75)

#### CHOICE CRETE 5 DRACHMAI

- 937 1901 5 Drachmai. D-118, Y-9. Similar to the previous lot, only ABOUT UNCIRCULATED with virtually full mint lustre lightly covered with pale golden toning. The Crete 5 Drachmai is EXCEEDINGLY RARE in high grade, as the entire issue circulated and the average grade for all known specimens is probably only Fine. The

specimen we offer is one of the nicest to come on the market for quite some time and is the second best that we have ever seen the best coin being only a slight bit better and residing in a prominent European collection which is not for sale. Undoubtedly the specimen we offer, while not being the best, surely must be ONE OF THE FINEST KNOWN. (\$1000)

### Ionian Islands

#### EXTREMELY RARE 10 GAZETTAE

- 938 1801 10 Gazettae. Cr. 3. Sharply struck EXTREMELY FINE. Crudely struck on a somewhat irregular planchet, as were all. The planchet used had some porosity. An EXTREMELY RARE coin, LESS THAN 10 SPECIMENS ARE KNOWN and to our knowledge there are none better. A once in a lifetime opportunity for the advanced collector who appreciates both RARITY and QUALITY. (\$2500)

#### SCARCE TWO OBOL IN PROOF

- 939 1819 2 Obol. Cr. 23. One year type. PROOF with magnificent rainbow toning. PLATE (\$450)

#### VERY RARE 1821 LEPTON

- 940 1821 Lepton (1/4 Obol). Cr. 20. EXTREMELY FINE as far as wear goes, but very crudely struck, as were all. Overstruck on a Turkish coin by native craftsmen. VERY RARE and seldom offered for sale. PLATE (\$400)
- 941 1834 One Lepton. Cr. 24. First year of type. Chocolate brown PROOF with traces of original mint red. There is one small obverse and reverse rim nick, but still a Proof, and thus RARE. (\$200)
- 942 1834 30 Lepta. Cr. 25. First year of type. Variety with no stop after date. CHOICE BRILLIANT UNCIRCULATED with attractive light golden toning. Rather SCARCE in this Choice state of preservation. (\$150)
- 943 1834 30 Lepta. Cr. 25. Variety with stop after date. Attractively toned PROOF. Seldom offered, as Ionian Proofs are quite RARE. (\$225)
- 944 1849 30 Lepta. Cr. 25. VERY FINE to EXTREMELY FINE. (\$50)
- 945 1857 One Lepton with dot after date. EXTREMELY FINE. (\$50)

- 946 1862 30 Lepta. Cr. 25. CHOICE BRILLIANT UNCIRCULATED. (\$100)
- 947 1862 30 Lepta. Cr. 25. CHOICE Frosty BRILLIANT UNCIRCULATED. Similar to the previous lot, except struck on a different die that was breaking apart. There are die breaks all over the coin with a major break running right through the "2" in the date almost giving the appearance of the date being 1862/1. (\$110)

### GUATEMALA

- 952 1821 8 Reales. Assayer: M. El-82, Cr. 72. Proof-like UNCIRCULATED with light toning around the periphery. There are a few light bag marks and some very light adjustment marks on the obverse, otherwise this specimen is Choice. PLATE (\$375)
- 953 1847/6 8 Reales. El-108, Cr. 95. Last year of type. Golden toned CHOICE UNCIRCULATED. Fully struck and one of the finest examples of this type that we have ever seen. PLATE (\$375)

## HAWAII

## EXTREMELY RARE HAWAIIAN-RELATED MEDAL

Obverse of the medal: Laureate Head of King George III facing right with inscription, "George. III. King. Of. Gr. Britain. France/Amd. Ireland Etc."; Reverse has two ships at sea, with the inscription, "Resolution Adventure Sailed From England March MDCCLXXII." A RARE medal that is seldom offered for sale. However we note a Bronze-gilt specimen sold at a Sotheby's sale in March of 1978. That specimen realized 680 Pounds. ## Enameled Coins

One of the many fascinating areas of numismatics is the collecting of engraved and enameled coins. This interesting field has long been overlooked by many and is now, after almost three quarters of a century of neglect, again experiencing a rebirth in popularity.

The art of enameling coins began in the early 1880's in Birmingham, England. Two jewelers of that town, William Henry Robert and Edwin Steele, were the most prominent of only a handful of skilled craftsmen who practiced the delicate art. The popularity of enameled jewelry reached its peak in the early 1890's, and then slowly fell off until about 1920.

As most of the craftsmanship was done in England, the vast majority of work was done on English coins, with the Crowns of Victoria's Jubilee and earlier Crowns of George III (each bearing St. George and the Dragon) being the most popular. As the vast majority of enameling was done on the reverse side of the coin, those enameled on both sides are quite rare as both sides had to be heated, and this was a highly complex task. Many enameled coins were made into brooches or pins, as are the following, each having a pin back attached unless otherwise noted. The more colors that were used made the piece more expensive, although some of the single color pieces are also quite stunning. Thirty of the following pieces are on English coins, followed by a magnificent Burmese "peacock" Rupee which was probably the work of Louis Millenet of Paris, who was famous for such work. The last piece is a Japanese Yen which is also of great rarity.
